Dear Partner:

The Fayette County Human Service Council is happy that you are interested in becoming or continuing to be a member and enjoying the many benefits of HSC membership. For the year 2010, the council has found it necessary to increase the membership rates to Agency \$150.00, and Individual \$40.00 (As a reminder, agency membership includes 5 voting members from your organization). This will be the first increase in over five years and is due to the expanded operating costs of the Council. All other terms of the membership agreement continue to remain the same.

Thank you for choosing the Fayette County Human Service Council for your needs. We appreciate your membership and hope that you will continue to be a member for a long time.

Sincerely,

Tammy Knouse, President, Fayette County Human Service Council
